CABLE ADDRESS,
PEDAYER.

Philadelphia, Feb. 10th, '94. 189

Mr. O. C. Bosbyshell, Supt.,

U. S. Mint,

Dear Sir: Phila., Pa.

In December we arranged with the late Mr. James to have three special emery wheels made, for the Grinder in your Mint. We had these wheels made at the Springfield Emery Wheel Co. of Bridgeport Conn. and they are of a special grade suitable for your work. The arrangement we had with him was this---we were to sell him the first one and he would try it: if it was satisfactory he would take the other two. As they are of a specially soft grade, and size, they are of no use to us and we could not dispose of them any where else. We understand that they are very successful and we would be glad if you could take the other two.

They were billed at \$5.00 each. There is practically no profit in them for us, and we purchased them as an accommodation for Mr. James.

Will you kindly look into this matter, and oblige,

Yours very respectfully,

James M. Hibbs, Assignee,
